Make Arrangement to have Fred Taub,  
the President of Divestment Watch  
Speak At Your Campus

Fred Taub, the President of Divestment Watch, the organization challenging the divest-from-Israel campaign on legal grounds, is touring campuses this year in an effort to give students the tools they need to effectively challenge the divest-from-Israel campaigns on their campuses. In his lectures, Mr. Taub outlines why the divest-from-Israel campaign is anti-peace, illegal, and what students can do on their campus to stop it.

- Divestment Watch has shown how the divest-from-Israel campaign is directly linked to the Arab boycott of Israel and was started by a consultant to Yassir Arafat's Palestinian Authority in order to secretly wage economic warfare against Israel while the PA negotiates with Israel for peace.
- Fred Taub has filed complaints to the US Office of Antiboycott Compliance in order to have the Department of Commerce enforce existing US laws that make it illegal for US persons to engage into boycotts sanctioned by foreign government, such as the Arab boycott of Israel and the divest-from-Israel campaign, in order to prevent people from creating de facto foreign policy, which Congress affirmed at their role when creating the law.
- Divestment Watch research and reports were used to stop the divest-from-Israel campaigns focused on Caterpillar and in Somerville Massachusetts.
- Fred Taub has appeared on numerous local national television newscasts and other new media, and had his work quoted to the US Supreme Court in two separate cases. He has also testified in court in a constitutional law case involving the right of simultaneous protest in a case involving a convicted Nazi.
